VERTIGO

Vertigo è una famiglia di lampadari e applique che vive di contrasti, coniugando dinamismo e simmetria, delicatezza e potenza. Il suo eccentrico slancio verticale è mitigato dallo sviluppo radiale dei bracci, morbidamente aperti a corolla. L'elemento decorativo principale, da cui ha origine il nome stesso della collezione, è costituito dal motivo a spirale che avvolge i bracci e va ad aprirsi nella parte più alta, evidenziando il suo andamento. La sua fattura, completamente artigianale, mette in luce le abilità del maestro nel creare un involuppo di curve così complesso e articolato, eppure perfettamente regolare. La fonte luminosa, avvolta da questo calice finemente decorato, è racchiusa all'interno di un'ulteriore coppetta, svasata verso l'alto.

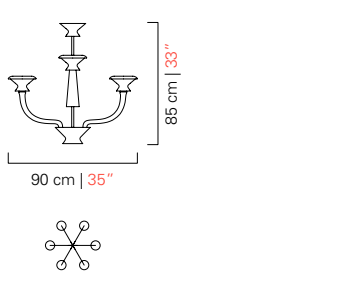

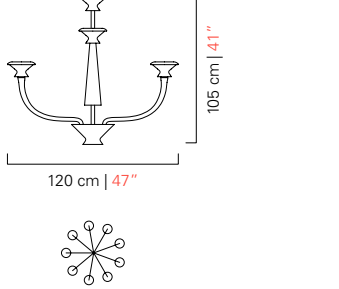

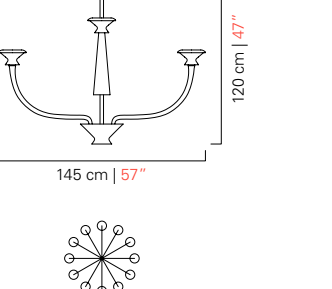

Vertigo is a family of chandeliers and wall sconces that thrives on contrasts, combining dynamism and symmetry, delicacy and power. Its original vertical thrust is attenuated by the radial extension of the arms, softly opening like petals. The main decorative feature, which gives the collection its name, is the spiral motif that wraps the arms and opens in the uppermost part, accentuating its shape. Completely crafted by hand, it reveals the great skill of the glassmaker to create a very complex, detailed yet perfectly regular arrangement of curves. The light source, wrapped by this painstakingly decorated chalice, is also enclosed by another cup that flares upward.
