## EXAGON

Composizioni di grande impatto scenografico, costituite da elementi luminosi sapientemente realizzati dai maestri vetrai di Murano. Dischi sottili ed impalpabili in cristallo veneziano che attraverso la luce e la loro moltiplicazione danno vita a progetti magnifici da ammirare da vicino e da lontano.

*Compositions of great theatrical impact, composed of luminous parts skillfully created by master glassmakers in Murano. Thin, impalpable disks of Venetian crystal, through light and multiplication, give rise to magnificent designs that are as enticing at close range as they are from a distance.*
