COLIMAÇON

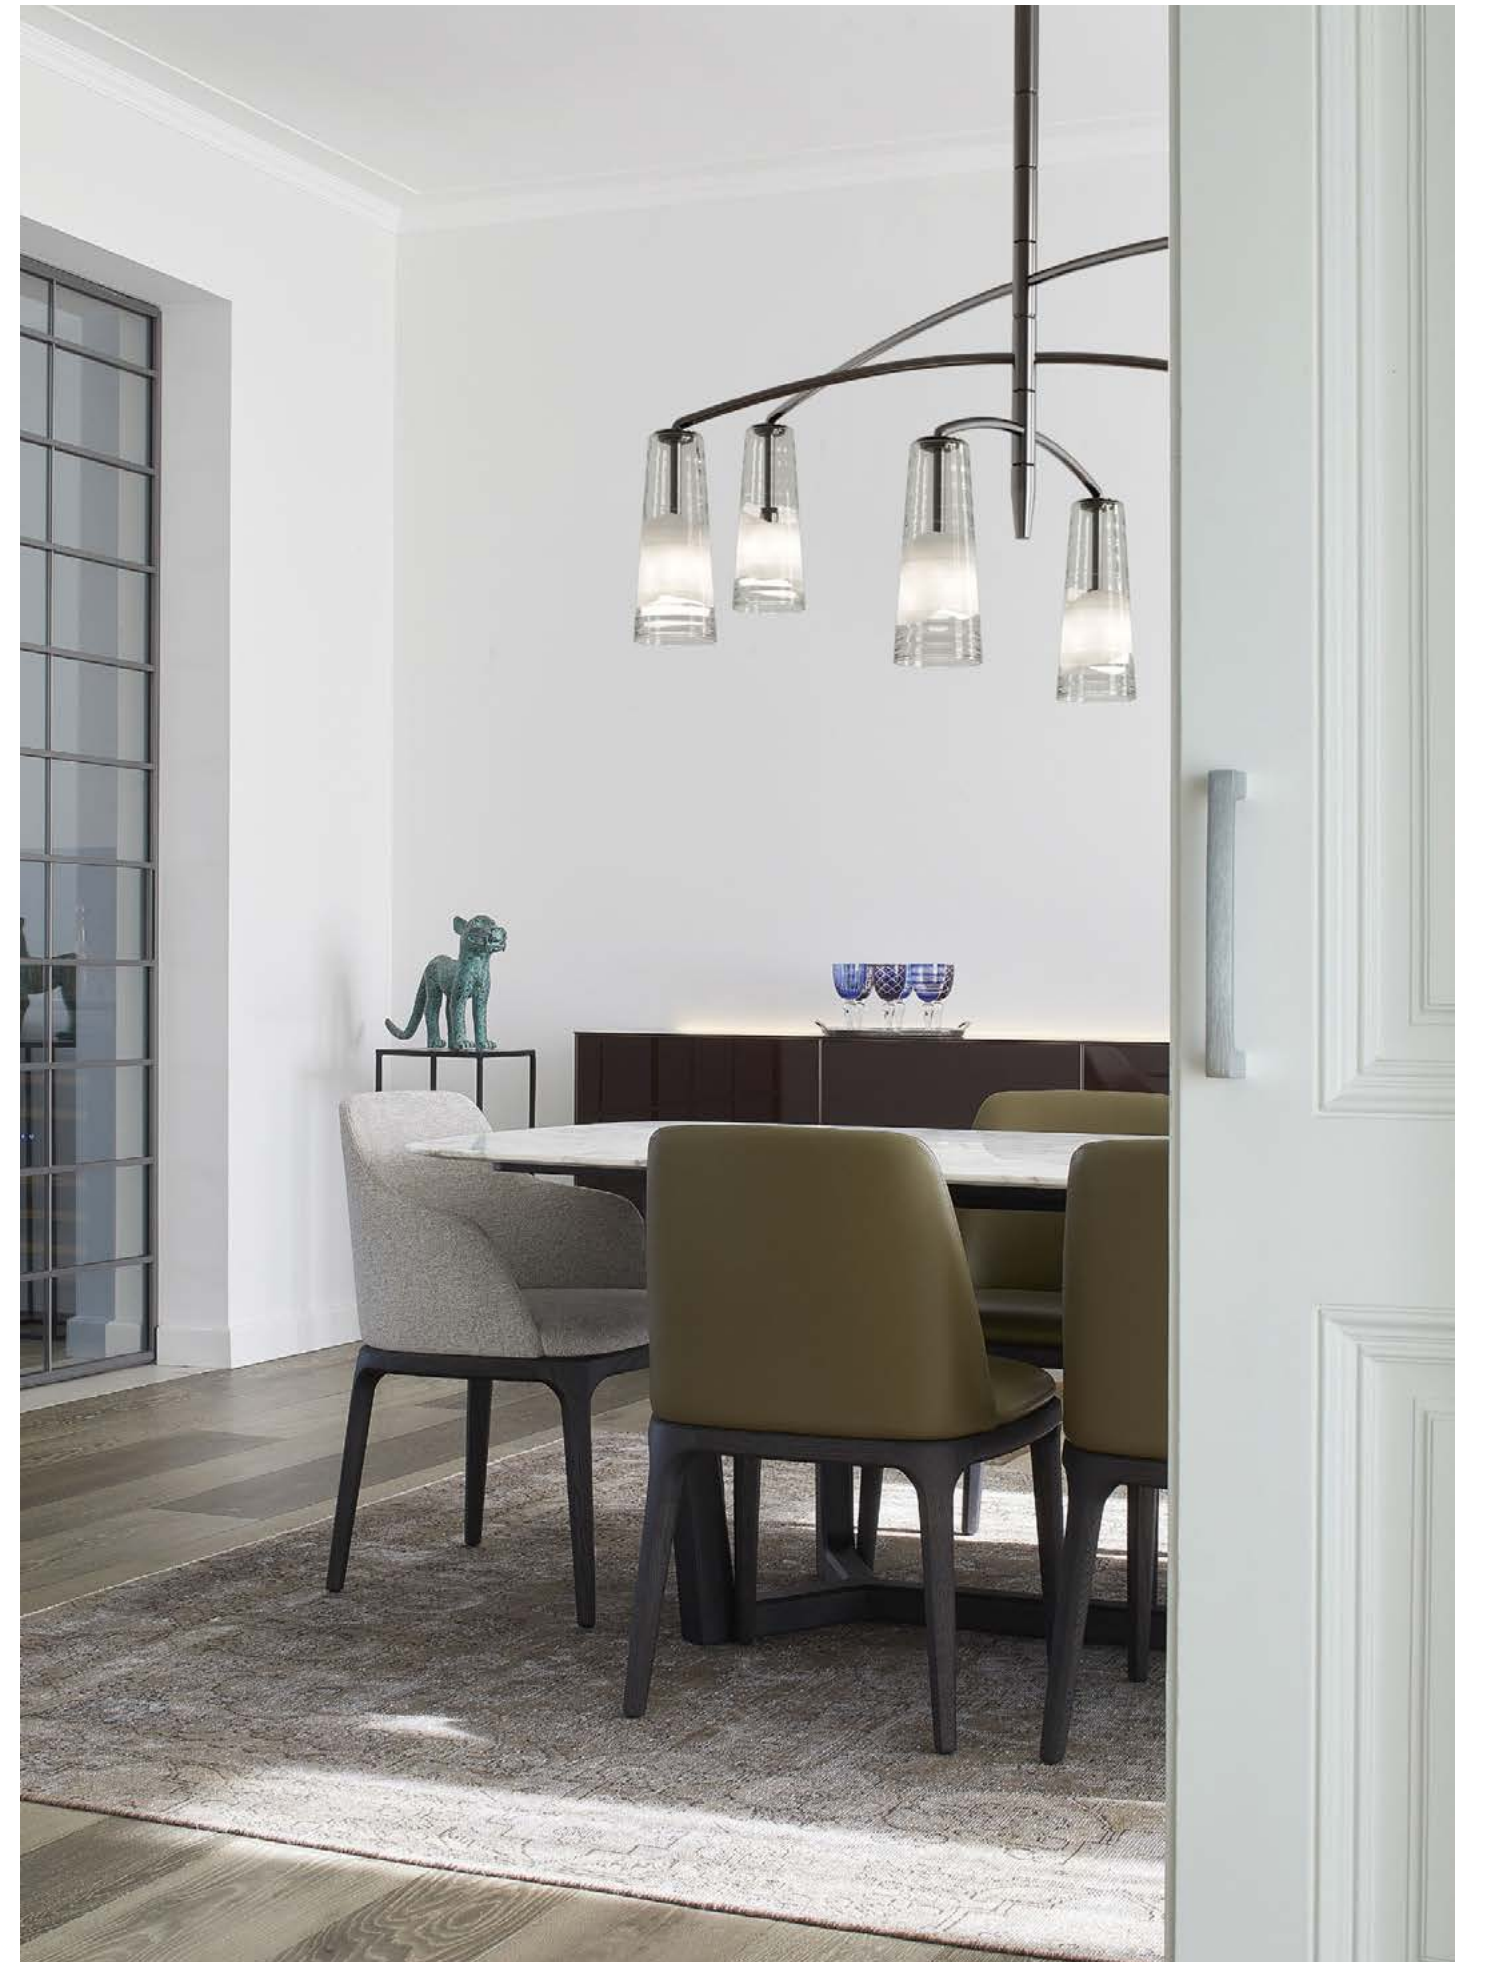

Marc Sadler

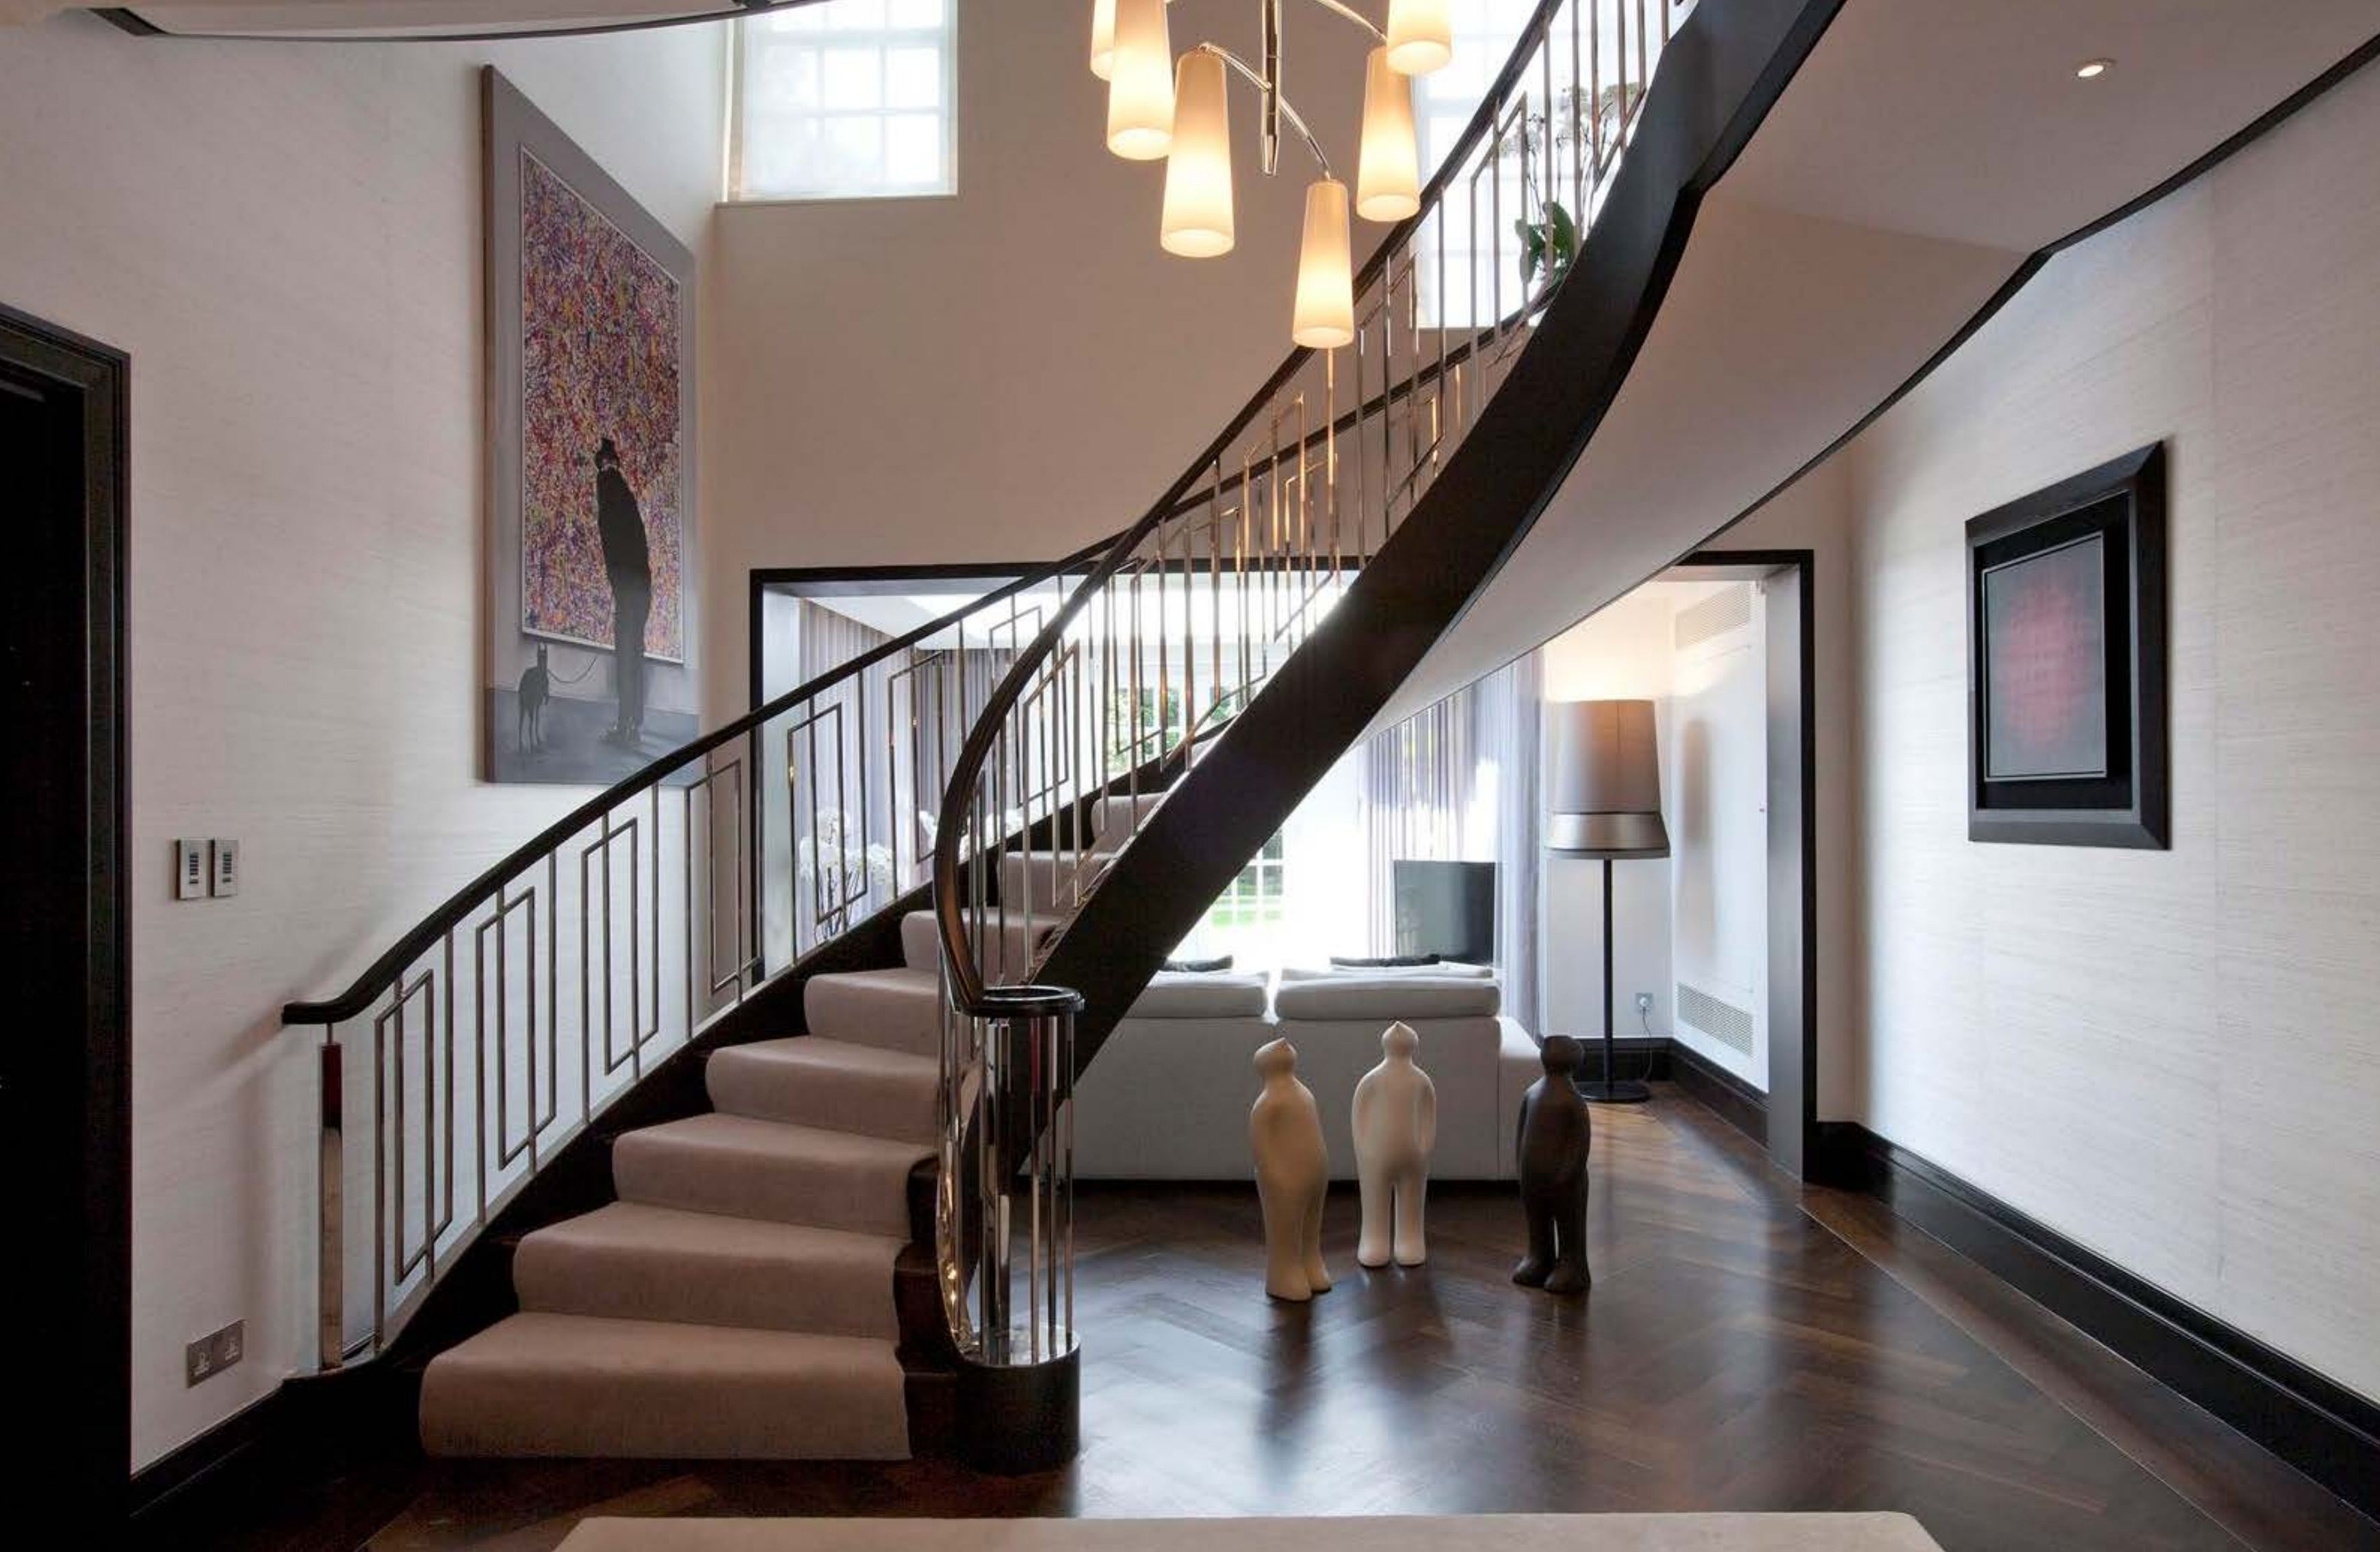

Come sculture mobili queste sospensioni grazie alla cinetica dei bracci consentono di ottenere configurazioni sempre diverse. In antitesi alla staticità del lampadario tradizionale questi oggetti giocano con il delicato equilibrio tra pesi e dimensioni creando un effetto di estrema lievità e delicatezza.

Like mobile sculptures, thanks to the kinetics of the arms these suspensions make it possible to create many different configurations. As opposed to the traditionally static character of traditional lamps, these objects play with a delicate balance of weights and proportions to generate an effect of extreme lightness and delicacy.
