VENEZIA 1295

MATRIOSKA

Una collezione caratterizzata da una distribuzione in pianta lineare. Disposti lungo una montatura rettilinea oppure quadrata, i preziosi elementi in cristallo veneziano, chiamati "cipolle" per la loro particolare forma e per la lavorazione a costolature, diventano protagonisti di un'inusuale interpretazione della lampada a sospensione con paralumi.

A collection characterized by linear arrangements. Placed along a straight or square fitting, the precious elements in Venetian crystal, known as "cipolle" due to their particular form and ribbed workmanship, become the protagonists of an unusual interpretation of the suspension lamp with shades.
